At a reception in Manila, Miss Alice Roosevelt give her hand to 3,000 persons. It is hardly to be supposed she handled the crowd without gloves.

There is a religious sect out West who are known as the "Holy Rollers." It is presumed that it is the opposition team to the High Rollers.

And now Castro, the Venezuelan agitator, is getting ready to "fight the Yankees." Blessed Tony! Does Castro think he can do any better than the "Rebs" did forty years ago?

"How can a girl catch a husband?" asks Dorothy in the Philadelphia Press. Wait till you are married, Dorothy, and your womanly instinct will enable you to catch him a good many times.

Somehow or other the optimists believe the outcome of the peace conference at Portsmouth will be peace. It is believed in Paris, Washington and New York that there will be a compromise of the situation.

A woman's magazine has been denied use of the mails on account of its method of increasing its circulation. A woman's magazine can't get over the country without the mails any better than the woman can get around without the mails.

The work of the yellow fever fighters in New Orleans really seems encouraging. On Sunday the number of new cases was 45 and the number of deaths 4. This is a scale down of about 35 per cent. of the average and over 50 per cent. of the maximum number of cases reported for any one day.

Mr. T. Gilbert Pearson, Secretary of the Audubon Society, has accomplished more for the protection of both game and non-game birds in North Carolina, and within a comparatively short time, than have the combined efforts of all other agencies for twenty years. Would it not be a graceful recognition of his services for the sportsmen and farmers of the State, to subscribe for and present him with a handsome testimonial.

LOCAL DOTS.

—Other local on fourth page

—The Rev. J. A. Smith, who is a native of Robeson county, will go up to Red Springs to-day to attend the three days' home comers' celebration.

—Ben Barge filed a petition yesterday requesting permission to erect a two story frame building with shingle roof on Walnut street between Tenth and Eleventh streets for R. R. Bellamy.

—A special meeting of the Board of Aldermen may be held on written application of three members. Why not hold such meeting called and settle the "blue law" agitation before next Sunday?

—St. Mark's Sunday School, colored, gave its annual excusion to Carolina Beach yesterday. About 700 passengers were carried down during the day. Three trips were made by the steamer Wilmington.

—The British steamship Albura, Captain Grady, from Cardiff, Wales, July 31st, was reported off the bar last evening at 7:15 o'clock. She comes to Heide & Co., and brings a cargo of kainit for the Virginia-Carolina Chemical Company.

—Rev. R. C. Beaman, D. D., of Durham, occupied the pulpit of Grace church Sunday morning, and Rev. A. McCullen preached there Sunday night. Both delivered sermons of great power and eloquence. Dr. Beaman preached a fine sermon at Fifth Street church Sunday night.

—A large crowd attended the week-end dance at the Seashore Hotel Saturday night. The hotel is still crowded with guests and numbers of rooms are engaged for the balance of the season. The orchestra provides excellent music daily and plays for the dances which are held every night from 9 to 11 o'clock.

—The steamer Sea Gate had an excursion scheduled for Mt. Zion A. M. E. church yesterday to go to Southport. The boat left the city with a big crowd on board, but had hardly gotten to the Dram Tree when the engineer discovered a leak in the boiler. The boat immediately returned to the city. The excursion, as a matter of course, was cancelled, but it will be run some day in the near future, however.

—The druggists of the city held a conference last evening at Mr. William Nieslie's drug store. The only information given out for publication was the decision reached that hereafter druggists may remain closed all day if they wish, or they may remain open all day should it be the desire of the proprietors. Suppose all decide to remain closed on Sundays because of those terrible "blue laws." How will the Board of Aldermen get their drugs?

ATTEMPTED BURGLARY.

Desperate Effort of Man to Break Into Residence.

A bold but fruitless attempt at burglary was made at the residence of Mrs. Josephine Bronson, No. 419 Grace street, Sunday morning between the hours of 4 and 5 o'clock. The burglar was frightened away before he could accomplish his purpose.

Mrs. Bronson keeps a boarding house and Saturday night before retiring, carefully fastened up the various entrances to her home. The burglar first tried to secure an entrance by forcing open the door and windows on the back piazza upstairs. Failing in this he went down the stairs to the first floor and pried off one of the thin strips of wood used to keep the window sashes in place. He had just succeeded in doing that when Mrs. Bronson, who had occasion to be up at that time, went on the back piazza, whereupon the would-be burglar made a hasty departure. It was so very dark Mrs. Bronson was unable to tell whether he was a white man or a negro.

The room to which the intruder was seeking an entrance is used as a bed room but no one was occupying it Saturday night. Nothing was missed from the room.

PASSED WORTHLESS CHECK.

New York Man Arrested for Defrauding Colonial Inn.

J. F. Goldsborough, proprietor of the Colonial Inn, had J. R. Nelson, of New York, arrested yesterday afternoon for obtaining money under false pretence. It seems that Nelson, who registered at Mr. Goldsborough's hotel two weeks ago, requested Mr. Goldsborough to cash a check for $6. The latter did so and when he presented the check at the bank he was informed that no such bank as was named on the check existed.

Upon receipt of this information Mr. Goldsborough went before Justice John J. Furlong and took out a warrant for Nelson's arrest. The case will be heard this afternoon before Justice Furlong. Mr. Goldsborough has retained William J. Bellamy, Esq. to prosecute the case.

The Sunday Blue Laws.

In response to the inquiry of a Star representative yesterday as to whether or not a special meeting of the Board of Aldermen would be called this week to consider the revocation or modification of the much discussed "blue laws," Mayor Waddell stated most emphatically that no meeting would be called unless a written request for such meeting, signed by at least three members of the Board, be presented to him. Such a request has not been filed as yet. Will it be?

ENDED HIS LIFE

Amos Redd Jumped Overboard From Steamer Wilmington Sunday Night

PLAIN CASE OF SUICIDE

Eye-Witnesses Saw Him Climb Over Steamer's Deck Rail and Plunge Into the Cape Fear—Efforts at Rescue.

Amos Redd, a young white man aged twenty-four years, committed suicide Sunday night by throwing himself from the lower deck of the steamer Wilmington into the Cape Fear river as the steamer was returning to the city from the pier on its regular 8:45 P. M. trip.

A boat was lowered from the steamer within two minutes after the rash deed had been committed, and a thorough search of the dark waters was made in the hope that the young man might be picked up or his body recovered but the effort was fruitless. Every effort possible to recover the body was made the steamer's searchlight being thrown in all directions over the waters around the spot where the tragedy occurred but all to no avail.

While there is a little doubt as to the identiy of the suicide, it has been most conclusively established that Amos Redd is the young man who met such an untimely end. Two gentlemen were eye witnesses to the tragedy. These were Mr. Joseph Little, of this city, and his friend, Mr. L. L. Hutchison, of Charlotte. Both gentlemen were interviewed by a Star representative yesterday morning and their stories tallied exactly. They said they were sitting in the ladies' cabin on the lower deck, which is situated in the forward part of the steamer. They state that they noticed a man walk by the window and stop opposite the door. This party was rather tall, dressed in a dark checked suit and wore a black telescope felt hat. This description applies exactly to the manner in which Redd was dressed and it is further known that he was in the crowd at the beach that afternoon.

The two gentlemen did not see the man's face, as he was standing with his back to them.

After standing still a moment, Redd walked to the railing which is about four feet high and threw one foot over it and then the other. These actions left him sitting on the railing with his face away from the boat and toward the Brunswick county shore. He had been in this position only a few minutes, the gentlemen state, when two men, presumably Captain Harper and Mate Stroupe who were making a round of the boat about this time, passed by and told Redd that he was in a dangerous position and also that he must get off the railing.

With this warning the two steamer officers passed on and had hardly left when the gentlemen say they were horrified to see Redd deliberately slide off the railing into the water feet first. Mr. Little states that he rushed to the railing as soon as the man disappeared and looked over but that he saw no trace of the suicide, not even his hat. The presumption is that the man sank immediately and was either drawn into the suction of the boat or was struck on the head by the bottom of the boat as he was rising. Mr. Little declares he saw nothing whatever when he looked over the railing and says if the man had risen he would have been sure to see him.

As stated above, the lifeboat was gotten into the water almost within two minutes and a thorough search was made. After continuing the search for a half hour Captain Harper ordered the steamer to come on to the city.

The spot where the suicide took place is about six miles from Wilmington between Beacon Light No. 8 and Range light, these lights being close to the western jetties.

Redd was well-known in this city. He had lived here for the past 24 years and his occupation for some time past had been that of a horse trader. Some years ago he was employed in a printing establishment as pressman.

He leaves a mother, Mrs. Keziah L. Redd, who resides on Second between Church and Castle streets, a sister, Mrs. Owen Fulford, who lives with her mother, and a brother, Mr. C. C. Redd, formerly of this city, now a resident of New York city. Mrs. Redd has given up her son and is heartbroken over his tragic end.

Amos Redd left the city early Sunday morning and spent the day at Carolina beach. Parties who saw him there say he was drinking considerably during the day. When he went over the railing into the water he made no sound nor was there any outcry whatever heard from after he struck the water. It is probable that he was under the influence of liquor but those who saw him say he seemed to be quiet and entirely self-possessed.

If Redd had risen to the top of the water and kept himself up only for a few minutes the lifeboat would surely have rescued him. The boat was lowered as soon as the alarm was given but no sign of the man was seen. The fact that the unfortunate man did not cry for help lends decided color to the suicide theory. Had it been an accident the most natural supposition possible is that Redd would have made an out cry as he fell.

A close watch is being kept by the crew of the Wilmington for the body. The corpse will undoubtedly be recovered within the next few days.

PROFESSOR O. W. CARR DEAD.

Was Native of Duplin, But Resided at High Point.

A dispatch from High Point on Sunday says:

The news of the death this morning of Mr. O. W. Carr caused universal sorrow in this city, where the deceased was loved by all who knew him. His death occurred at 4 o'clock at his home in Trinity. Mr. Carr had been confined for a year or more and his death was not unexpected. Asthma, of long duration, was the cause of his death.

Prof. Obed William Carr was born in Duplin county March 12, 1833. He departed this life at 4 o'clock on the morning of August 20, 1905, aged 72 years, 5 months and 8 days. He was married to Miss Roxanna M. Leach, of Trinity, Randolph county, who, with three children, to-day mourn their irreparable loss. The children are: Mrs. Dred Peacock, of this place; Mrs. James Pepper, of Trinity, and Mr. Ernest R. Carr, of this place. A sister and brother also survive, both living in Duplin county. Mr. Carr received his early education at Sprunt Hill Institute, Duplin county, and his degree at the old Trinity College, graduating during the war, when he enlisted and served as long as his health would permit.

He suffered greatly with asthma, even during those times. Nothwithstanding all this affliction he was always a ready and willing worker.

After the war Mr. Carr returned to Trinity and when the college was again in running order he accpted the chair of Greek, occupying the same for many years. Several years ago he served his district in the Senate with distinction. About 30 years ago he and Mr. Malcolm Shaw, now of this place, associated themselves in the insurance business, the style of the firm being O. W. Carr & Company. For 20 years, or up to about 10 or 12 years ago, he and Mr. Shaw worked the insurance business together and during that long time not a ripple or discordant note was sounded by the deceased. He was a man that would rebuke the wrong, but would always give a fellow man, one, two or three trials before losing confidence wholly in him. His liberality extended many times beyond his means and his death brings sorrow to all of his fellow men that knew him.

DEATH OF YOUNG PHARMACIST.

Mr. Alfred G. Hankins, Jr., Passed Away on Sunday.

It is with sincere regret the Star chronicles the death of Mr. Alfred G. Hankins, Jr., a prominent young druggist of this city. He died Sunday afternoon at 1:40 o'clock at the home of his father, Mr. J. A. Hankins, No. 307 Walnut street.

Mr. Hankins had been critically ill for some time and his death was not unexpected. About five weeks ago he went to White Stone Lithia Springs, S. C., hoping to be benefitted but a two weeks' stay there convinced him that his health would not be benefitted, so he returned home. Almost immediately after his return he was compelled to go to bed. He remained confined to his home until the end came.

The immediate cause of Mr. Hankins death was uraemic poisoning.

Mr. Hankins went to the Philippine Islands as an apothecary in the regular army. He remained three years and while there contracted liver trouble which finally caused his death. He had been in bad health only for a year.

Mr. Hankins was 29 years old on July 22nd last. With the exception of about 18 months passed at the Agricultural and Mechanical College at Raleigh and the time spent in the Philippines, he had been connected with Mr. J. Hicks Bunting as pharmacist.

The funeral services were conducted yesterday morning from his late residence at 10 o'clock. In the absence of the Rev. N. M. Watson, pastor of Grace M. E. Church South, of which Mr. Hankins had been a consistent member for many years, the Rev. Mike Bradshaw, presiding elder, officiated at the funeral. The interment was in Oakdale cemetery, the pall bearers being: Honorary, Messrs. B. C. Moore and Marsden Smith; active, Messrs. C. E. Vail, Leon Corbett, E. R. Clark, Henry Bailey, Virginius Hall and Herbert O'Keefe.

THE MUNICIPAL COURT.

Mayor Waddell Reckoned With Evil Doers Yesterday.

Mayor Waddell held his usual Monday morning matinee yesterday at 12 o'clock. A number of law breakers were before His Honor and were dealt with according to their deserts.

Jos Green, colored, drunk and down, was found guilty and fined $10 and costs.

Henderson Hays, colored, the most regular attendant of the city court, was tried for being drunk and disorderly. Twenty days on the roads was allotted to Henderson for his frolic.

John Waddell, colored, drunk and down, was taxed with the costs of the case.

Alice Dixon and Mattie Webb, disorderly conduct in Latimer's alley, were ordered to move from that locality.

Steve Harris, disorderly conduct, was fined $5 and costs.

Alex Clark, disorderly conduct, was taxed with costs.

John Scarborough, colored, affray, was fined $5 and costs.

Dave Edens, colored, affray, ordered to pay costs.

James Penn, drunk and down, was taxed with costs.

Real Estate Transactions.

The following deeds were filed yesterday at the office of the register of deeds: Thomas D. Meares, Jr., commissioner, to M. M. Harvey, for $75, a tract of land near Second and Meares streets; Owen Martindale and wife, to S. M. Empie, consideration $500, a tract of land in Masonboro township containing 50 acres; Henry C. Green to S. L. Smith, consideration $150, a lot on Green street, near Anderson.

BODY IS RECOVERED

Sad Fate of Young Man Who Came Here Friday on Excursion

HE WAS HECTOR LLOYD PATE

Fell Overboard From Steamer Tar Heel and Was Drowned—Body Found Floating in River Yesterday—From Cumberland.

The body of Mr. Hector Lloyd Pate, of Sherwood, Cumberland county, who fell overboard from the steamer Tar Heel Friday night while the boat was going to Fayetteville was recovered yesterday by Captain Jim Williams, of the steam tug Navassa.

Mr. Pate came to the city Friday on an excursion run by the owners of the steamer Tar Heel and spent the day here. When the boat started on the return trip he was safely on board the steamer. When near Mount Misery about seven miles from this city, Mr. Pate started to descend the stairs leading from the upper to the lower deck. In some way he tripped and fell and being unable to stop himself rolled overboard. A boat was lowered immediately and a thorough search made for the body. The unfortunate young man, however, was beyond mortal aid, as no trace of him was discovered whatsoever.

The father of the young man was immediately made aware of the sad end that had come to his son and he and Mr. Lloyd Hall, a neighbor and friend, went down to the spot Saturday morning where the accident happened and made a search for the body. However, it was not recovered until yesterday morning.

Early in the morning Engineer Geo. Grimsley while sitting in the engineer's room of the tug Navassa, which tug was tied up to the factory wharf at Navassa, saw a body floating face downward in the water about 20 feet from the boat. He immediately informed Captain Williams of his discovery and preparations for the recovery of the body were made at once.

Some little time elapsed before the boat went after the body. When the body was overtaken it was about one mile down Brunswick river, the tide having carried it that distance.

The body was towed back to Navassa and Dr. Moore, the coroner of Brunswick county, was sent for. After viewing the remains he deemed an inquest unnecessary and gave permission for its removal and burial.

Mr. Freeman Yopp, assistant of Mr. W. E. Yopp, undertaker, went to Navassa and brought the body to the city about 1 o'clock yesterday. It was carried to the Yopp undertaking establishment and prepared for burial. The body, of course, after its long stay in the water was in a bad condition. It was very much discolored and decomposition had already begun.

The body will be carried to Fayetteville this morning on the A. & Y. train and from thence it will be borne to the late home of the deceased at Sherwood. The interment will take place from his father's residence this afternoon.

Young Mr. Pate was about 24 years old and leaves to mourn his unexpected and extremely sad death a father, a mother, three brothers and three sisters. Mr. Pate was a farmer and had a reputation for being a young man of integrity and good character. His death in the flush of manhood is indeed greatly to be deplored.

MR. LEE H. BATTLE HURT.

Thrown From Buggy at Greensboro and Unconscious Several Hours.

Mr. Lee H. Battle, of Greensboro, formerly a resident of this city, was severely hurt Saturday morning in that city by being thrown from a buggy. It was thought at first that Mr. Battle was fatally injured but latest reports state that he is resting easily and no symptoms to indicate a skull fracture have appeared.

Mr. Battle and Mr. F. A. Weston, an architect, were driving down west Market street in Greensboro when the accident occurred. A street car came up behind their vehicle and the horse becoming frightened shied directly in front of the car. Both gentlemen were thrown from the cart, Mr. Battle falling upon his head and Mr. Weston falling under the frightened animal.

They were removed immediately to a nearby residence and given medical attention promptly. Mr. Battle remained unconscious for several hours. After the accident an examination was made and it is thought he suffered no fracture of the skull as was first supposed. Mr. Weston was not seriously injured.

As stated above Mr. Battle's condition is said to be very favorable. His many friends in Wilmington certainly wish for him a speedy recovery from his unfortunate accident.

Mr. Battle was cashier of the Atlantic National Bank here and was universally popular in Wilmington. He left this city several years ago to accept the cashiership of the City National Bank of Greensboro.

TAMPERED WITH THE SWITCH.

Ladies Injured in Collision at Wrightsville Beach Improving.

A phone message to The Star from the Tarrymoore Hotel late last night, brought forth the information that all the ladies who were injured in the collision on the Consolidated last Saturday night on Wrightsville Beach, were doing well.

Mrs. Einstein was able to leave her room yesterday afternoon but her daughters, the Misses Einstein, while doing very well indeed are still confined to their rooms.

The Consolidated people feel positive that the accident was caused by some malicious person throwing open the switch. Every effort will be made to apprehend the guilty party or parties.

TIGHTENING QUARANTINE.

Even Local Travelers Must Be Positively Identified.

The idle boast of some local travelers who criticised Wlmington's quarantine regulations and claimed that they had easily evaded the quarantine officers on duty on trains entering Wilmington, has resulted in causing the instructions to the officers to be made stricter than ever before. Dr. W. D. McMillan, County Superintendent of Health, gives notice that hereafter all local travelers as well as those coming from points against which Wilmington has quarantined, must be positively identified by some trustworthy person before they will be allowed to enter the city.

WILMINGTON, N. C.

Tuesday Morning, Aug. 22.

THE OUTLOOK FOR PEACE.

All eyes will be turned this week to the peace conference at Portsmouth. The plenipotentiaries held their last meeting on Friday afternoon, and having come to what appeared to be a deadlock, adjourned over till this morning. We have, therefore, had Saturday, Sunday and Monday without any session of the conference, hence there is only speculation about the prospects for peace. In the three days since the conference adjourned on Friday, the matters of difference have been referred to the Russian government at St. Petersburg and to the Japanese government at Tokio.

When the conference meets this morning, no doubt the Japanese will go into the meeting either to make concessions or stand firm upon their demands for an indemnity and the cession of the island of Sakhalin, the two vital points which threaten a rupture, with Russia determined to the last on Friday to resist. On the other hand the Russian plenipotentiaries will go into this morning's meeting instructed from their home government either to yield, or parley for moderation of Japan's terms or to go on resisting the payment of a war indemnity or the cession of territory. The stage of the negotiations, therefore, is that the whole matter is up to St. Petersburg and Tokio.

The news over Sunday is that President Roosevelt has made a last effort to bring about an understanding between Russia and Japan and that while there appears to be a forlorn hope of his success, something may have been accomplished. The latest dispatches from Portsmouth state that undoubtedly the chances of peace have undoubtedly been improved by President Roosevelt's action in a last heroic endeavor to induce the warring powers to compromise their apparently irreconcilable differences. However, the whole situation is in suspense, and the world will consequently watch **with eagerness the developments** to-day. If the conference takes another recess to-day without doing anything it will be evident that either Russia or Japan wants more time to consider the propositions for a concession or compromise.

Speculation is rife as to whether President Roosevelt merely impressed upon the plenipoteniaries his earnest hope that they may compromise, or whether he suggested the real basis of a compromise. However, a Sunday night dispatch from Portsmouth states that the Associated Press is able to announce that the feature of the proposition of President Roosevelt communicated through Baron Rosen to M. Witte and transmitted by the latter to Emperor Nicholas was based upon the principle of arbitration. Heretofore, however, M. Witte and Baron Komura, Japan's chief plenipotentiary, have both expressed themselves as opposed to arbitration upon the position taken by governments generally that there is nothing to arbitrate when a nation's honor is at stake.

It is also stated that in addition to President Roosevelt's action, other neutral powers, including Japan's ally, Great Britain, have made strong offices to Japan and Russia to get together on some basis of compromise that will bring an end to the war. Whatever the outcome of the efforts of the go-between powers may be, this week will no doubt tell the tale. The conference will either disrupt or agree upon terms that will end the war. At last accounts M. Witte, Russia's chief plenipotentiary, expressed doubts of an agreement for peace and as for the Japanese they are not doing any talking.

The most optimistic view of the situation is to the effect that peace will be the outcome of the Portsmouth conference, despite the seeming deadlock over the questions of an indemnity and the future of Sakhalin. This is the opinion entertained by the French government, than which there is no government better informed concerning the disposition of Russia. The English authorities have been more reticent in expressing their anticipations, but the newspapers nearest to the cabinet have been notably confident that the work of the negotiators would not prove abortive. When we remember that France, on the one hand, and England on the other, are more concerned than all other powers combined, outside of the combatants, in the results of the conference it becomes improbable that they would feel as they do were they not encouraged by what is confidently told them by their respective allies.

Morevore, it is very unlikely, in view of the good relations existing between France and England that these powers have not come to an understanding as to the action they will urge on their allies. No official denials, or semi-official denials, will avail to offset the probability that, deeply concerned as they are in the conference, they have abstained from making known their conception of what ought to be done.

SOUTH CAROLINA'S DISPENSARY.

Whatever virtue South Carolina's dispensary system may or may not have in the solution of the liquor problem, it appears that the apprehensions that it would be a source of corrupting office-holders and debauching polities appear to be about realized. Several of the local dispensaries in different portions of the Palmetto State have been investigated in a way and a most deplorable state of affairs has been developed and now we take it that the whole State liquor system is to be investigated. At least we presume that much upon the announcement from Columbia that "the dispensary investigating commission" is to meet in Columbia this week. A Columbia dispatch on Sunday says:

"Speculation is, of course, rife as to the probable outcome of the open session of the dispensary investigating commission, which is to be held here this week, but little is actually known as to even the general outline of the work that is to be done here, although it is safe to assert that the proceedings will be highly entertaining and also instructive with the tragic and dramatic delightfully relieved by the humorous and amusing. The commission has, so far, parted with the names of no witnesses, but the understanding is that some will be summoned from Charleston, Spartanburg and Greenville, who will be called upon to tell what they know about how the shebang is being run here at headquarters. The report will show a stock on hand amounting to $900,000 in round figures, almost equally divided between the headquarters and the sub-dispensaries, and it is said that it will show that much of this is old and unsalable. The purchases for last year will be reported at $2,979,000, nearly $1,000,000 of which went to the Richland distillery, located in Columbia."

The dispatch hints at some scandalous things that are to be brought up, and it all confirms our doubt from the very beginning that under our political system, a State owned and conducted rum business would end in melancholy failure. The fact is we have the same doubts about State ownership of any thing that will involve politics.

We believe it was Congressman D. E. Finlay, of the Fifth South Carolina District, predicted when the dispensary system was originally debated in the South Carolina Senate, of which body he was at the time a member from York county, would render corrupt any government upon which it should be engrafted. He was a reformer, or follower of Tillman, but that was his foreboding, and it is pretty safe to say that time will prove that he was a good prophet.

—"The railroads furnish the express companies cars, and carry express on a percentage basis. The government pays from 75 to 125 per cent. rental for postal cars, and then pays the railroads about eight times as much for transporting the mails as they receive for hauling the express. Puzzle: Fnd the cause of the deficit in the P. O. D.—The Commoner (Bryan).

—What is to be the fate of the mutineers of the Kniaz Potemkine? They have been condemned to death, but it is by no means certain that they will be executed. Not that the government feels any sympathy for them, but it is afraid to have the sentence executed. The sailors of the whole Black Sea fleet are disaffected and on the verge of mutiny. Should the Potemkine mutineers be shot, it is believed there would immediately be a revolt involving the murder of other officers. Popular sympathy is with the mutineers, notwithstanding their horrid crimes.—Savannah News.

—Two ministers greatly beloved in Norfolk are Bishop A. Coke Smith of the Methodist Church, South, and Dr. Carl E. Grammer, Rector of Christ Episcopal Church. It is profoundly gratifying to our people, irrespective of denomination, to know that Bishop Smith has rallied from his recent severe illness. He is a man of commanding ability, of the most attractive disposition, and of really wonderful force and eloquence as a preacher. His friends and his church were much alarmed and grieved at the possibility of losing him.—Norfolk Landmark.

—We are very much pleased to be able to congratulate the people of the State on the fact that a Lexington jury has convicted three "prominent" citizens of the town of Brotherland of committing an outrageous fraud in a municipal election. We do not recall now a similar instance in this State in a number of years at any rate, though the Brookland crime was by no means the only one of the kind that has been committed in the same period. Very loose methods, if not actual fraud, frequently have characterized primary elections, yet we do not recall any serious effort that has ever been made to bring the prepetrators to trial.—Columbia Record.

—Though it is only an estimate, the statement given out at the Enumeration Bureau in Alabany that the population of the State is 8,000,000, is probably fairly accurate, being supported by figures supplied from time to time by Health Boards of various places. This figure is claimed as a gain of 1,500,000 over the State Enumeration of 1892, or at a rate of over 114,000 a year; and a gain over the Federal Census of 1900 of 800,000 or 160,000 a year during the last five years. This does not look like the "race suicide" which the President deprecated some months ago; but, of course, some of the increase is due to the immigration of the last two or three years because a large percentage of the newcomers stay in this State, and particularly in this city.—Brooklyn Citizen.

THE COTTON MARKET.

New York, August 21.—The cotton market was more active and firmer on increased reports of crop damage from the Southwest, Southern and Wall street bull support and covering by some of the recent heavy sellers. The close was firm at a net adyance of 14 to 18 points. The opening was steady at a decline of 4 points on near months which were influenced by disappointing cables to an advance of 2 points on later positions which were in demand, owing to continued dry weather in Texas. After a bulge of about three to five points above last week's finals on bull support and covering, the estimate for larger receipts at Houston tomorrow, by suggesting a freer movement of new crop cotton, caused temporary weakness and prices were depressed to a net loss of four to five points, but on the decline bulls became more aggressive and with reports from Texas indicating excessively high temperatures, and no material relief from drought, the market turned very firm in the afternoon with October near the close selling around 10.82 to 18 points above the close of Saturday. The market was finally firm and within a point or two of the top. Sales were estimated at 600,000 bales. Southern spot markets were unchanged.

Receipts of cotton at the ports today were 8,591 bales, against 12,305 last week and 4,141 last year. For the week estimated 50,000 bales, against 50,669 last week and 32,539 last year. Today's receipts at New Orleans 1,503 bales, against 1,046 last year and at Houston 3,900 bales against 2,879 last year.

SALE OF PERSONAL PROPERTY UNDER MECHANIC'S LIEN.

Notice is hereby given that the undersigned, having a lien on and possession of one Delivery Wagon repaired for and at the instance of J. W. Plummer, Jr., and there is due and payable to me for said work done and material furnished the sum of $25.75, and the same being due and unpaid for more than thirty days, I will proceed to sell at public auction at my Blacksmith Shop, on the west side of Second street between Dock and Orange, in the City of Wilmington, N. C., on Monday the 28th day of August, 1905, at 12 o'clock M., for cash, the aforesaid Delivery Wagon, to satisfy said claim and lien.

The same can be seen at any time before or on the day of sale by applying to the undersigned. Signed this the 12th day of August, 1905.

au13-2w J. E. G. BROWN.

OUR SHOE DEPARTMENT.

We have been receiving a great quantity of Fall shoes and we handle several strong lines. We sell the Crosset shoe that makes life's walk easy for men. To wear this shoe will be a pleasure to them and the style they represent are all up to date new things. We sell the Battle Ax shoe in all its different styles, from $1.25 to $3.50 a pair. We are showing a line of shoes for men, of genuine Goodyear welt, shoes that retail everywhere for $2.50, we are making a special offer of $2.00 on this line. We sell a man a good all solid shoe for $1.25 a shoe that will wear and prove satisfatcory. In our ladies' shoe department, we sell "The Southern Girl." "The Southern Bell," "The Vicious," and several other lines, all at $1.50 a pair. "The Southern Bell" and "Vicious" is absolutely guaranteed to wear and is solid in every pair. If not satisfactory, we give a new pair in place of them. You get the same service that you do in a $2.50 shoe and only pay $1.50. We handle all grades of boys and girls shoes and in all prices, from 25c to $2.50 a pair.

FURNITURE.

Our furniture store shows a nice selection of iron beds, a big line of springs and a splendid line of mattresses. A nice line of cots, pillows, some extra good lounges, plenty of bed room suits from $16.00 to $75.00 a suit. Iron beds from $2.98 to $10.00 each. Wire springs from $1.98 to $5.00 each. Felt mattresses at $6.00, $7.50 and up to $15.00 each. Cotton top mattress full size, extra heavy at $1.98. A mattress cotton both sides, tufted edges for $3.25 each. Blankets, quilts and comforts, all grades and styles. We feel that our stock is complete in this line. We are offering some very good values for your inspection. Our big clothing store is new with us from last season. Our stock this Fall will be all new. We bought our Winter stock early in the season and had them made especially to our order. We have also added a nice tailoring department in which we can show you five hundred samples to select from. Every garment suit is guaranteed to fit and we feel certain that our prices are lower than other concerns. We believe in small profits and quick sales. We would like to show you our book of samples. Why not step in and see them.

In our big store Nos 208 and 210 which is 49 feet wide and 125 feet long, is filled full of goods for ladies and families. We carry the greatest assortment of dress goods sold in the city and almost in the State. We bought our dress goods stock early, from different factories in the month of June. These goods are made especially for our store and we are today able to sell dress goods as low as we ever have in the history of our business. Our serges are 44 inches wide, extra heavy weight that we can show you for 50c a yard. Our ladies' cloth that we sell for 98c is 54 inches wide and extra nice quality. It is finished with a high soft finish and has been sponged and shrunk and is of the same quality that you are offered elsewhere at $1.25. In our dress goods department we are showing a line of goods that represents all the Fall styles in tricats, serges, coverts, sicilians, brilliantines, broadcloths, kerseys, flannels and dozens of other materials too numerous to mention.

Why stop to think. Go to Gaylord's with your memoranda. He can fill it complete.

His clothing store for men and boys. It is no joke, we have the grandest assortment of clothing of any store in town. Our Fall stock is bought from the best tailoring concerns in the country and our goods are the latest and newest styles. We can fit your little son with any kind of suit you may like and for yourself, yes you, it matters not who, if you want to pay a little or you want to pay much. Our stock and selection is great enough and we think we can please both you and your pocket book. You know the old adage "a dollar saved is a dollar made." Why pay the regular clothing house a hundred per cent. profit, when Gaylord will sell it to you for 25 per cent. Look through our stock and see if it is not as large or larger than any house in the city. The named prices would be of no value to you nor a guide as quality represents price and we claim to sell good quality with a low price. To prove this, we ask you to give us a look. Go in our store, 206 Front street, and see the prettiest store in the State, 35 feet wide by 120 feet deep, where you will find men's clothing, boys' clothing, shirts, collars, neckties, handkerchiefs and gent's general furnishings on the first floor. We also carry men's overalls. The Headlight, the best overall sold in the world, every seam is felled and every garment is sold on an absolute ten day's guarantee. If not perfectly satisfactory we take them back and refund the money. They are no more than any other overall, only $1.00 each. We have also a cheaper brand called "Never Rip," extra good value at 50c a pair.

Our line of hosiery and gloves is something for your consideration. We fel that our stock is complete in this line and we don't stop to worry your memorandum. Gaylord has what you want. He owns his goods at the right price and he wants to sell them. He pays cash and he gets cash. You pay nobody's debts buying from Gaylord as he treats every one alike. He punches cards with every purchase and gives away valuable presents free. He looks after your wants in all the small things you may need and sells you many articles for two and three cents that others charge you five cents for, and the same way through the whole store.

You cannot miss the place, it is near the Postoffice, Nos. 206, 208 and 210 North Front street. The largest one man's store in the State.

SPIRITS TURPENTINE.

—Yes, it seems to be quite settled that Goldsboro is at last to have a Union Passenger Depot, and most everybody is delighted at the prospect, and why should we not be?—Goldsboro Headlight.

—Saturday was a "big day" for the people of Catawba, about 4000 of whom assembled at Newton on the occasion of the annual reunion of Confederate veterans. Major H. A. London, of Pittsboro, was the orator of the day.

—At Burlington last week, United State Commissioner Wm. A. Hall was kept busy binding over to the Federal Court illiet distillers. Last week Deputy Collector C. A. Banks and Deputy Marshal J. C. Squires, accompanied by Adolphus Creek, of Burlington, made several raids in the county.

—Raleigh News and Observer: The regular church services at Garner Baptist church will be held at 11 A. M., 3 P. M. and 8 P. M., to-day. Many professions of faith were made yesterday and last night. The services will continue beyond to-day as long as the interest demands. Rev. A. D. Hunter, the pastor, is assisted by Rev. Jesse Weatherspoon, of Durham, the 19-year-old preacher, who is preaching the gospel with much power.

—The special home-seekers excursion rates to High Point from the Ohio and Mississippi gateways, inaugurated by Editor Farris, of the High Point Enterprise, last fall, has been put into effect again. The dates are October 17th and November 7th and 14th, 1905, at the low rate of 80 per cent. of the standard one-way rate from initial point to destination. This makes the round trip rate from Cincinnati to High Point only $12.40 and from other points a like reduction.

—A dispatch on Saturday from Asheville says: From Shreveport, La., to Baton Rouge, La., via Asheville is some distance out of the way but that is the route one must now pursue in these days of yellow fever. This traveling from one Louisiana point to another via Asheville was demonstrated to-day when a lady arrived here this morning from Shreveport. While at Shreveport she desired to go to Baton Rouge. Quarantine regulations prevented and in order to overcome this she was compelled to travel all the way from Shreveport to Asheville to obtain a health certificate and then with the paper writing in her possession return to Baton Rouge.

—The term of the Superior Court of Madison county adjourned on Friday. Arthur Freeman, a boy 15 years of age, was convicted of murder in the second degree for the killing of Clif Morrow, and sentenced to eight years in the penitentiary. The killing of Morrow was as cold blooded a murder as was ever committed in Madison county. Young Freeman admitted after the killing that the crime was committed in cold blood, that he had murder in his heart and that while on friendly terms with Morrow he stole a pistol with which to end the man's life. The facts in the case showed that Freeman and Morrow were neighbors, that Freeman accused Morrow of killing some of his turkeys which was denied.

—Charlotte Observer: A message received last night by The Observer from Mr. B. Frank Mebane, of Spray, who is at New Castle, N. H., announces the formation of the American-Japanese Company, with a capital of $1,000,000, with headquarters at Spray, N. C. The dispatch adds that Mr. Arthur J. Draper, Mr. George W. Franker and Mr. F. Frank Mebane are among the Southern associates backing this new enterprise. No particulars are given but it is supposed that the new concern will operate a large textile plant at Spray. The gentlemen named are among the most prominent cotton mill men of the South and the mere fact that they are among the backers of the company is sufficient guarantee that the American-Japanese Company will take front rank in the cotton manufacturing interests of North Carolina.

—It is probable that a knitting mill will be established at Dunn.

—A correspondent of the Charlotte Observer, writing from Lattimore, Cleveland county, under date of August 19th, says: To your readers in other sections it might be surprising to know the amount of monazite mined in Cleveland and Rutherford counties. One merchant, Mr. R. E. Campbell, near Camp Call, has bought over $800 worth within the last week, and the back counties are yet to be heard from. Fifteen years ago the land around Casar and Caspenter's Knob, was rated at about $2 an acre and nobody buying much at that. Now some of it is sold for $600 per acre for the mineral wealth it contains. Near Ellenboro, Rutherford county almost fabulous prices have been paid for land, and the supply of sand seems inexhaustible. When L. A. Gettys, a poor public school-teacher, first began to find sand and developed the mines, no one dreamed that the business would ever assume such proportions. He represented the Welsback Company, of Philadelphia, and realized thousands of dollars by close application to business. Later, competition came into the field, and now several companies are represented. Instead of merely following the bed of the branch, the whole surrounding low country is mined and is rich. As the timber has been pretty well used up, the mines and farms are our future hope.

TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition,
Nothing taxes a man's patience,
Like any itchiness of the skin,
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.
Plenty of proof that Doan's Ointment will cure Piles, Eczema or any itchiness of the skin.
Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no one knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say brought the first relief I had for a long time. I can only add that it is a preparation of great merit."

The Morning Star.
WILMINGTON, N. C.
Tuesday Morning, Aug 22.

RUSSIA'S ATTITUDE IN THE MATTER

The Failure of the Negotiation to Conclude a Peace Will Not Rest Upon Her.

By Cable to The Morning Star.

St. Petersburg, August 22.—1:40 A. M.—The Russian government's final communication to M. Witte outlining the course that he shall pursue at the re-opening of the peace conference at Portsmouth, are still in process of being put into cipher, prior to being forwarded to America. With the receipt of St. Petersburg's last message, the brief breathing spell will have ended. St. Petersburg leaves the final word with her representative at Portsmouth.

The Associated Press is in a position to state that when the nature of these communications becomes generally known it will be seen that in a sincere desire to affect a satisfactory settlement, the government has gone so far as its extremely vital State interests will permit. It can further be said that for this reason the government is firmly convinced that in case of failure of the negotiations the responsibility will not rest with Russia, which has conceded much already.

While it is impossible to learn the actual contents of the government's communications to M. Witte, it can be declared that the requirements of the State make concessions on the question of indemnity and Sakhalin, as these questions were originally presented by the Japanese impossible

It is certain that in the matter of concession the four points now in dispute have been considered and studied here in the light of concessions, Russia already has granted on the other eight articles.

The foregoing is a brief, but accurate outline of the platform, upon which M. Witte will meet the Japanese plenipotentiaries to-day.

VIRGINIA PRIMARIES.

United States Senator and State officers Will Be Voted For.

By Wire to The Morning Star.

Richmond, Va., August 21.—A Democratic primary will be held throughout the State to-morrow for the choice of party candiates for the United State Senate to succeed Senator Martin, for the governorship, the lieutenane governorship, the attorney generalship, the position of superintendent of public schools and other offices. The nominations will be equivalent to elections.

Governor Montague is opposing Senator Martin who seeks re-election and the candidates for the governorship are Lieutenant Governor Willard, Congressman Swanson and State Senator William H. Mann, the author of what is called the Mann law, which restricts the liquor traffic; for the lieutenant governorship, J. Taylor Ellyson, chairman of the State Democratic Committee and J. Alston Cabell, ex-member of the assembly; for the attorney generalship, William A. Anderson, the incumdent and Judge Samuel W. Williams, of Wythe county, and for superintendent of public instruction, J. D. Eggleston, Jr., of Prince Edward and George H. Hulvey, of Rockingham. The following have been already declared nominees, having no opposition:

D. Q. Eggleston, of Charlotte, for secretary of the commonwealth; Asher W. Harman, of Rockbridge for State treasurer and George W. Koiner, of Augusta for commissioner of Agriculture. The campaign of the contesting candiates has been vigorous and thorough, and public interest in the result is keen. Large rallies were held by all of the leading candidates to-night. The vote is likely to be large.

WARM WIRELETS.

A case of yellow fever is reported from Gregory, Mo., eleven miles south of Keokuku. A Greek laborer on railroad construction has been quarantine, his case being pronounced yellow fever. He came from Natchez, Miss., a few days ago with a party of workmen.

Julius T. Landsberg, Jr., a conductor on the Seaboard Air Line railway was shot by William S. Sims at Ellabelle, Bryan county, Ga., yesterday and died while being carried to Savannah. Landsberg had put Sims off his train Saturday. Sims escaped. Landsberg was a well-known Southern football player.

A Jackson, Miss., dispatch says: Secretary Hunter of the State Board of Health received a report today from Mississippi City health authorities saying that one new case of yellow fever appeared there today. The patient is Miss Georgia Money, a granddaughter of United States Senator H. D. Money.

Governor Beckham last night wired Adjutant General Haly, at Camp Yeiser, Paducah, to dispatch State troops to Russellville to protect W. R. Fletcher and Guy Lyon from mob violence. The men are charged with assaulting Mary Gladder, a girl. The crime was committed in May last and Fletcher and Lyon have been in jail at Bowling Green since that time. The case is to be called for trial at Russellville on Wednesday next. The Lexington and Frankfort companies of infantry and a detachment of artillery with a Hotchkiss gun, under command of Major J. E. Allen, of Lexington, will go on a special train tomorrow to protect the prisoners during the trial.

CENSUS BUREAU COTTON REPORT

Shows Total Growth for 1904 to Be 13,693,279 Bales.

By Wire to The Morning Star.

Washington, August 21.—The Census Bureau to-day issued a supplemental report on the quantity of cotton ginned from the crop of 1904, showing the total growth for that year as fixed by the ginners to be 13,693,279 bales, counting a round bale as a one half bale instead of 13,597,782. In explanation of there figures the report states as follows:

"Census bulletin number 19 on cotton ginning, issued April 25, 1905, showed that at the time of the March canvass of the cotton ginneries for the data published in that report there remained to be ginned 192,275 bales from the crop of 1904. A canvass made between July 20th and August 5th for the purpose of verifying these estimates showed that 95,497 bales, counting round as half bales, were ginned in excess of the estimates published in April."

THE CRISIS COMES TO-DAY

Result of President Roosevelt's Efforts to Secure Peace Remains in Suspense

HOPE FOR PEACE BLASTED

Among the Japanese No Note of Hope is Sounded—President Did Not Receive the Acid He Expected from England.

By Wire to The Morning Star

Portsmouth, N. H., August 21.—The result of President Roosevelt, to save the peace conference from failure remains in suspense. No direct reply to the President's proposition communicated by Mr. Witte yesterday has come from Emperor Nicholas tonight, but other advices received from St. Petersburg indicate that the Emperor and his councillors are unshaken in their determination neither to cede territory nor pay war tributes. What the President is doing on the Japanese side remains as deep a mystery as ever. Little light is shed upon visits of Baron Kaneko to Oyster Bay. The Japanese do not even admit that he is their medium of communication with the President. They go no farther than to reiterate that Mr. Roosevelt understands their position and that they have fullest confidence in him. They show not the slightest indication that they have in any wise changed their position or are prepared to yield more than they did last Friday when the plenipotentiaries adjourned until tomorrow.

If Mr. Witte does not receive fresh instructions before 3 o'clock tomorrow afternoon when the conference is resumed, the situation will be exactly what it was when the adjournment was taken on Friday.

Parting of the Ways.

Both sides will present their protocols for signature. One side or the other must then make a move or all that will be left will be a brief final protocol certifying that they have reached the parting of the ways and to bid each other farewell. But such an abrupt termination is hardly anticipated. Baron Komura; if Mr. Witte has nothing to propose, might present Japan's irreducible minimum embodying the final concessions she is prepared to make, if she is prepared to make any, or formally propose collective consideration of all the artlcles still in dispute. Any move on either side would involve another adjournment or such an adjournment might be frankly proposed by Mr. Witte, as he would not be guilty of the discourtesy of allowing the conference to go to pieces before receiving a specfic reply to President Roosevelt's proposition.

It is safe to assume, therefore, that in the absence of such a reply the conference will be prolonged beyond tomorrow and every delay in the opinion of the President's friends, means hope, faint though it may be. Mr. Roosevelt's object was officially described today as being to "prolong the negotiations."

There is warrant for the statement that Mr. Witte personally sympathizes with the President's proposition no matter how it may be regarded by his imperial master and the latter's advisors. It is a mistake to suppose that in considering such a proposition the Emperor consults a regularly ordained council. Throughout the conference he has been calling in council such advisors as he deemed wise, some of his relatives, the grand dukes, members of the court and certain chosen ministers. The Grand Duke Nicholas Nicholaivitch, one of the most powerful of his relatives, is known to be absolutely opposed to yielding an iota beyond what Mr. Witte has already conceded.

As an alternative he favors the continuation of the war.

England's Aid Not Offered.

The spirit of all the advices received has been such as almost to preclude hope of an eleventh hour change. The general belief here is that the President, while he has the moral support of one of the neutral powers has not received the active aid he expected.

England's declination to offer advice to Japan is disappointing, though the motives that actuate her in refusing to do anything that might be construed as an attempt to exercise pressure upon her ally tending to rob her of the fruits of her victory are fully appreciated.

There are evidences here that cooperation by Great Britain would have been resented by Japan.

Among the Japanese tonight no note of hope is sounded. With genuine reluctance they seem almost resigned to the shipwreck of the conference. They declare that their position is unchanged and they speak of renewing their war with a snap of their eyes, which speaks volumes for their confidence in ... success of Oyama when the word is given to advance.

Japan Wants Benefit of Her Victory

"We have fought for a lasting peace," said one of the attaches closest to the chiefs. "We have been victorious. If Russia came to Portsmouth unprepared to pay the price of defeat all is over. We do not believe that the President considers our terms unreasonable. He knows Japan's position as accurately as does either of the Japanese plenipotentiaries. We don't believe he will even ask us to weaken at the last moment and yield, even to save the negotiations. Heartily as the whole world desires peace, Japan believes the neutral powers would prefer that war should continue for a year or even two years longer than that Japan for the sake of immediate peace should make concessions now and be forced perhaps a decade hence to reopen hostilities."

The plenipotentiaries and members of their suites apparently had little to do today.

Those of the latter who were not engaged in completing the final drafts of the protocol joined in the festivities of this pleasant Summer resort. But when the subject of the negotiations was mentioned their answer was almost invariably pessimistic and some of them openly predicted that the end would come tomorrow.

Baron Komura and Mr. Takahira came down stairs this afternoon to sit for a photograph in a group of newspaper correspondent and then retired, to be seen no more today. Mr. Witte, in the morning took occasion to show himself in the lobby of the hotel as if to contradict the stories that he was ill. In the afternoon he and Baron de Rosen went for a spin in an automobile.

EFFORTS FOR PEACE STILL BEING MADE

Pressure Brought to Bear Upon Russia and Japan to Secure a Successful Issue.

By Wire to The Morning Star.

Oyster Bay, N. Y., August 21.—President Roosevelt has not abandoned hope of a successful issue of the peace conference. Neither has he relaxed his efforts to prevent a rupture between the conferees when they reconvene tomorrow afternoon at Portsmouth.

Events of importance succeeded each other rapidly here today. On an early morning train Baron Kaneko, a confidential representative in this country of the Japanese government arrived in Oyster Bay quite unexpectedly. That he was the bearer of important information is known but the nature of his message is not disclosed. The baron expressed the opinion, which he was careful to note was simply his own, that Japan had made every concession in the conference that a victorious power could be expected to make and that the Japanese people would resent any serious recession by the envoys from the position they had taken.

Late in the day important messages were received from Portsmouth, the responses to which occupied the President's attention for a considerable time.

The President declines either to confirm or to deny any of the statements made about the proposition which he submitted to the Russian envoys through Baron Rosen. There is strong reason for the statement, however, that the proposition involved far more than a mere suggestion that the matters in difference between the envoys be submitted to the abitratment of an impartial tribunal. The statement heretofore made in these dispatches that powerful pressure not alone from President Roosevelt but from neutral powers of Europe is being brought to bear upon governments of Russia and Japan to insure a successful issue of the conference can be reiterated.

No intimation of the President's opinion of the result of the meeting when the conferees reconvene tomorrow is given but that hope of peace yet springs from the conditions surrounding the conference is evident.

Russia rejects the whole idea as being offensive to Russian honor and dignity. While declining, however, to place such an article in a treaty she is willing to make declaration that she has no intention of attempting to threaten the naval position of Japan or of any other power in the Far East.

TAFT PARTY IN PHILIPPINES.

Sultan of Zulu Propose Marriage to Miss Roosevelt.

By Cable to The Morning Star.

Jolo, August 18.—Via Manila August 21.—(Delayed in transmission).—Secretary Taft and party arrived here at noon and immediately proceeded to the parade ground to witness an elaborate programme arranged for their entertainment. The Sultan of Zulu, with his retinue and other Moro disnitaries occupied seats on the grand stand along with Secretary Taft and Miss Roosevelt.

Thousands of Moros, residents of Jolo, and from the neighboring islands, were present to take part in the festivities, which were wonderfully picturesque. In the afternoon there were carabao and bull fights of an amusing, but not bloodthirsty character.

Secretary Taft and Miss Roosevelt were presente with many Moro presents by the Sultan, who offered his hand in marriage to Miss Roosevelt, and would make her Sultana of the Zulu archipelago, saying that his people desired her to remain among them.

While some members of the party were bathing in the afternoon, Frederick O'Brien, editor of the Cable News, was seized with cramps, and the undertow was rapidly carrying him out to sea, when Representative Longworth, of Ohio, seeing his peril, started after him and rescued him at the risk of his own life.

NINE PERSONS KILLED.

Trolley Car and Freight Train in Collision at Butte, Mont.

By wire to The Morning Star.

Butte, Mont., August 21.—Nine persons were killed, one fatally injured and about 13 more or less injured in a collision between a street car filled with returning merrymakers from the Columbia Gardens and a freight train on the Butte, Anaconda and Pacific railway last night.

Loaded with passengers, many of them women nagdirls, a car returning from Columbia gardens was struck by the end of a freight train on the railroad tracks north of the Butte, Anaconda and Pacific depot and crushed beneath the weight of one freight car, killing nine and fatally injuring one and perhaps another. Numerous others were slightly hurt, and were taken to their homes for treatment, their names at this time being unobtainable.

The street car was approaching from the South. Conductor Hoagland, says he was on top of the train with a lantern and warned the motorman, but the latter put on speed and attempted to cross ahead of the train.

ANOTHER INFERNAL MACHINE.

Police Captain Miles O'Reilly Was the Intended Victim.

By Wire to The Morning Star.

New York, August 21.—Gun cotton enough to kill a man, arranged in an infernal machine and disguised as a gift cigar box, was received to-day by Precinct Police Captain Miles O'Reilly. This is the third deadly explosive instrument of similar construction sent through New York mails in the last four days, the other two having been received last Friday by Jacob H. Schiff, the banker, and M. Guggeheim's Sons.

Captain O'Reilly received a cigar box which in weight and every other detail misled him into taking it for a genuine present. Unusually heavy and tenacious nails fastening down the cover, however, caused a suspicion. When the box had been carefully oppened at the ends, matches were found glued to its inner surface in such a manner that they would be ignited on emery paper, by the friction necessary to raise the lid.

The police fund that the flare of one of the half dozen matches would have caused the death of Captain O'Reilly.

MANY NEW CASES ARE REPORTED

Yellow Fever Takes a Bound Forward and the Situation Is Not Satisfactory

NINE DEATHS YESTERDAY

Panic Created in Court House by Discovery of Case of Yellow Fever Among Prisoners—New Cases, 61.

By Wire to The Morning Star.

New Orleans, August 21.—Report to 6 P. M.:

New cases, 61; total to date, 1,446.
Deaths, 9; total, 205.
New foci, 16; total, 322.
Cases under treatment, 328.

Yellow fever took a bound forward today in New Orleans and the situation in the State is far from satisfactory.

The official figures for New Orleans today show a material increase in new cases and in disease centers.

Nine persons died today of yellow fever, more than in any one day since August 14, when a record of twelve deaths was made. Health officers explain that the report is always high on Monday because of unavoidable laxity in reporting on Sunday.

Numbers of merchants called on Dr. White to ask his intercession in the amelioration of the restrictions imposed against freight by towns like Lake Charles which desire no intercourse with New Orleans. Merchants believe that Dr. White's intervention may bring many of the smaller communities to a recognition of the harmlessness of receiving merchandise from infected places.

President Janiver of the Citizen's Committee, whose work of raising funds and arousing public interest in their work is acknowledged by Federal officers, today insisted on being found guilty of failure to screen a tank when arraigned before Recorder Palin. The tank was of running water in his attic. There has been some difference of opinion as to whether it came within the law and whether oiling would not be a better protection than screening. Mr. Janiver chose to oil. The ward committee made an affidavit, however, whereupon Mr. Janiver promptly screened the tank. When Mr. Janiver appeared before the recorder he was discharged. Some comment followed and Mr. Janiver had the case re-opened and asked to be fined, which is the only case of a fine imposed where the property holder promptly screened after an affidavit was made.

Prisoners, court attaches and hangers on at the Second Criminal Court, were thrown into something of a panic today when a genuine case of yellow fever was discovered in the dock. The man was found ill among a number of prisoners, and the doctor who was called promptly diagnosed the case as yellow fever. The screened ambulance immediately carried the man to the Emergency Hospital. A flying squad was sent for and the dock and the court room were thoroughly disinfected.

The patient was an Italian who was arrested on Saturday night and remained in prison until today. The jail will also be fumigated. Unusual precautions, under the supervision of the Marine Hospital Service or otherwise, are to be taken to prevent a recrudesence of the fever next Spring. It has been demonstrated by scientists, that the stegomyia mosquitoes hibernate. A vigilant watch will therefore be kept when the Winter passes for any cases which may then appear in the South.

GOV. COMMUTES SENTENCE.

Will Exum Goes to the Penitentiary For Life.

(Special Star Telegram.)

Raleigh, N. C., August 21.—Governor Glenn commutes the sentence of Will Exum, of Lenoir county, from death to imprisonment for life for killing Walston, his stepson. In securing commutation the prisoner files a written statement that he will never hereafter appeal to any governor for a reduction of sentence. In his statement the Governor says in his opinion that the evidence is ample to justify the hanging of the prisoner, but nine of the jury, the trial judge, the justice of the Supreme Court who rendered the opinion of the court in affirming the conviction, and another of the justices who looked carefully into the matter strongly recommended the commutation, which is also urged by thousands of citizens of Lenoir, Greene and Pitt counties on the ground that there was not ground of premeditation. His Excellency says while still believing Exum guilty, acting in favor of life and on account of the strong recommendations of those who heard and tried the case he changes the sentence to life imprisonment, preferring to err on the side of humanity.

Pardon was granted Stevens Dayton, Union county, serving twelve months on the county roads for retailing. The pardon was wired on the reason the prisoner is very ill. Judge Neal, who imposed the sentence, telegraphed the Governor that if the man was not let out he would certainly die.

JOHN HYDE HEARD FROM

Still Sick But Well Enough to Affirm That His Cotton Fgures Were Correct.

By Cable to The Morning Star.

London, August 21.—John Hyde, former statistician of the United States Department of Agriculture, who at present is in London, has been under the care of a physician for several weeks, and is still prohibited by his physician from attending to business.

To The Associated Press to-night he said:

"I have just seen for the first time the revised cotton acreage report, issued by the United States Department of Agriculture on July 26th. The crop estimating board reduces the official estimate of June 2d by more than 1,100,000 acres and even goes so far as to say that I made the estimate lower than the reports received from official reporters employed by the bureau warranted. To this statement, I give unqualified denial and assert that the most trustworthy of the various sets of figures on which the report of June 2nd was based, afforded the most ample warrant for my estimate.

"It is only by an entire disregard of the reports of county and townships correspondents that the department acreage reports can be prevented from once more becoming the laughing stock of the world. When concerned only with the condition of the growing crop, except under special circumstances the reports of county and township correspondents are not without value. When, however, these correspondents report either upon the acreage or upon the size of the crop in bales, their reports are absolutely worthless. For instance the crop last year was estimated by township correspondents at less than 10,000,000 bales. Failure on the part of the board to recognize the widely varying degrees of reliability which characterize the reports of its different classes of correspondents will inevitable destroy the value of its reports for general statistical purposes."

Mr. Hyde said that he gave this interview to the Associated Press against the earnest protest of his physician, and that he had forwarded an affidavit to Washington covering his connection with the cotton report. He said that he expected to return to America abou October 1st.

Washington, August 21.—Both Secretary Wilson and Assistant Secretary Hays, of the Department of Agriculture, read with interest to-night the statement made by Mr. Hyde regarding the controversy over the crop estimating figures of June 2nd.

Mr. Hays who supervises the work of the crop estimating board of the department probably may issue a statement showing the methods employed in arriving at the estimate which took the place of that made on June 2nd. He insists that the reduction in acreage made by the crop estimating board over that of the estimate of June 2nd was warranted by the reports from the correspondents of the Department of Agriculture and was determined by following practices theretofore in vogue in the statistician's office.

Mr. Hyde affidavit covering his connection with the cotton report has not yet reached Washington.

HOLMES AND HYDE.

Grand Jury Wants to Know Their Financial Standing.

By Wire to The Morning Star

Washington, August 21.—In connection with the cotton leak investigation by the Federal grand jury here, it was ascertained to-day that an effort was being made to secure from local banking institutions the financial standing of Edwin S. Holmes, the dismissed associate statistician of the Agricultural Department and of former Chief Statistician John Hyde. So far the banks have refused to divulge the character of the business relations, if any, with the two men, and it is understood that unless they do so without delay the bank officials will be duly subpoenaed before the grand jury and required to furnish the information desired.

Narrow Escape of Child and Nurse.

Mr. and Mrs. George W. Brunson's child and its nurse narrowly escaped serious injury yesterday morning at the corner of Front and Walnut streets. The child and nurse were on a street car and when the car stopped at the corner the nurse, with the child in her arms, attempted to step from the car to the ground. The conductor who had stopped the car to allow a passenger to alight, not being aware that the nurse wished to leave the car, rang his bell as a signal to the motorman to go ahead. The car started and the nurse and child were thrown violently to the ground. Neither was hurt to any extent by the fall though both suffered severe bruises.

Mr. and Mrs. Brunson reside in Charlotte where Mr. Brunson is editor of the Charlotte Evening News. They resided here until recently. Mrs. Brunson and child are in the city visiting the family of her father, Mr. H. G. Smallbones.

Important Sale.

An important deal in real estate was transacted yesterday when Mr. T. W. Wood, acting for Mr. J. M. Bunting, purchased from Mr. J. F. Garrell, for the sum of $3,600, the piece of property on Princess street between Second and Third streets, just next to the old jail on the corner of Second and Princess streets. The property has a frontage of 36 feet, and is 66 feet in depth. The property bought for Mr. Bunting is that portion of the brick livery stable which runs through to Princess streets. Mr. Bunting will erect a building and occupy it with his real estate business.

Blue Law Ignored.

The restaurants are worrying very little over the celebrated "blue law" so far as the selling of cold drinks on Sunday is concerned. Sunday when customers came in and desired a drink the restaurant proprietors simply directed them to take seats at the tables and order from them what was wanted. All thirsty ones who applied had no difficulty whatever in having their wants satisfied and all the "dope" drinkers who were on to the way to get drinks went around wearing "the smile that won't come off" on their countenances.
